

CUPRA CUSTOM BY ABT

Inspired in the Halo models, we are launching our first complete range of exterior accessories, CUSTOM CUPRA by ABT, which includes a roof spoiler, side skirts, and front and rear splitters, amongst other items to bring the essence of CUPRA Racing not only to the flagship models, but also to the rest of the León and Formentor range.

This will be the first time, an ABT pack is designed and homologated directly from factory:

- Fully engineered within our own CUPRA facilities
- Homologated by SEAT
- No dealer installation required
- Available in the CUPRA Configurator for all markets
- And compatible with any engine and body colour

CUSTOM CUPRA LEON 5D and SP by ABT Non VZ

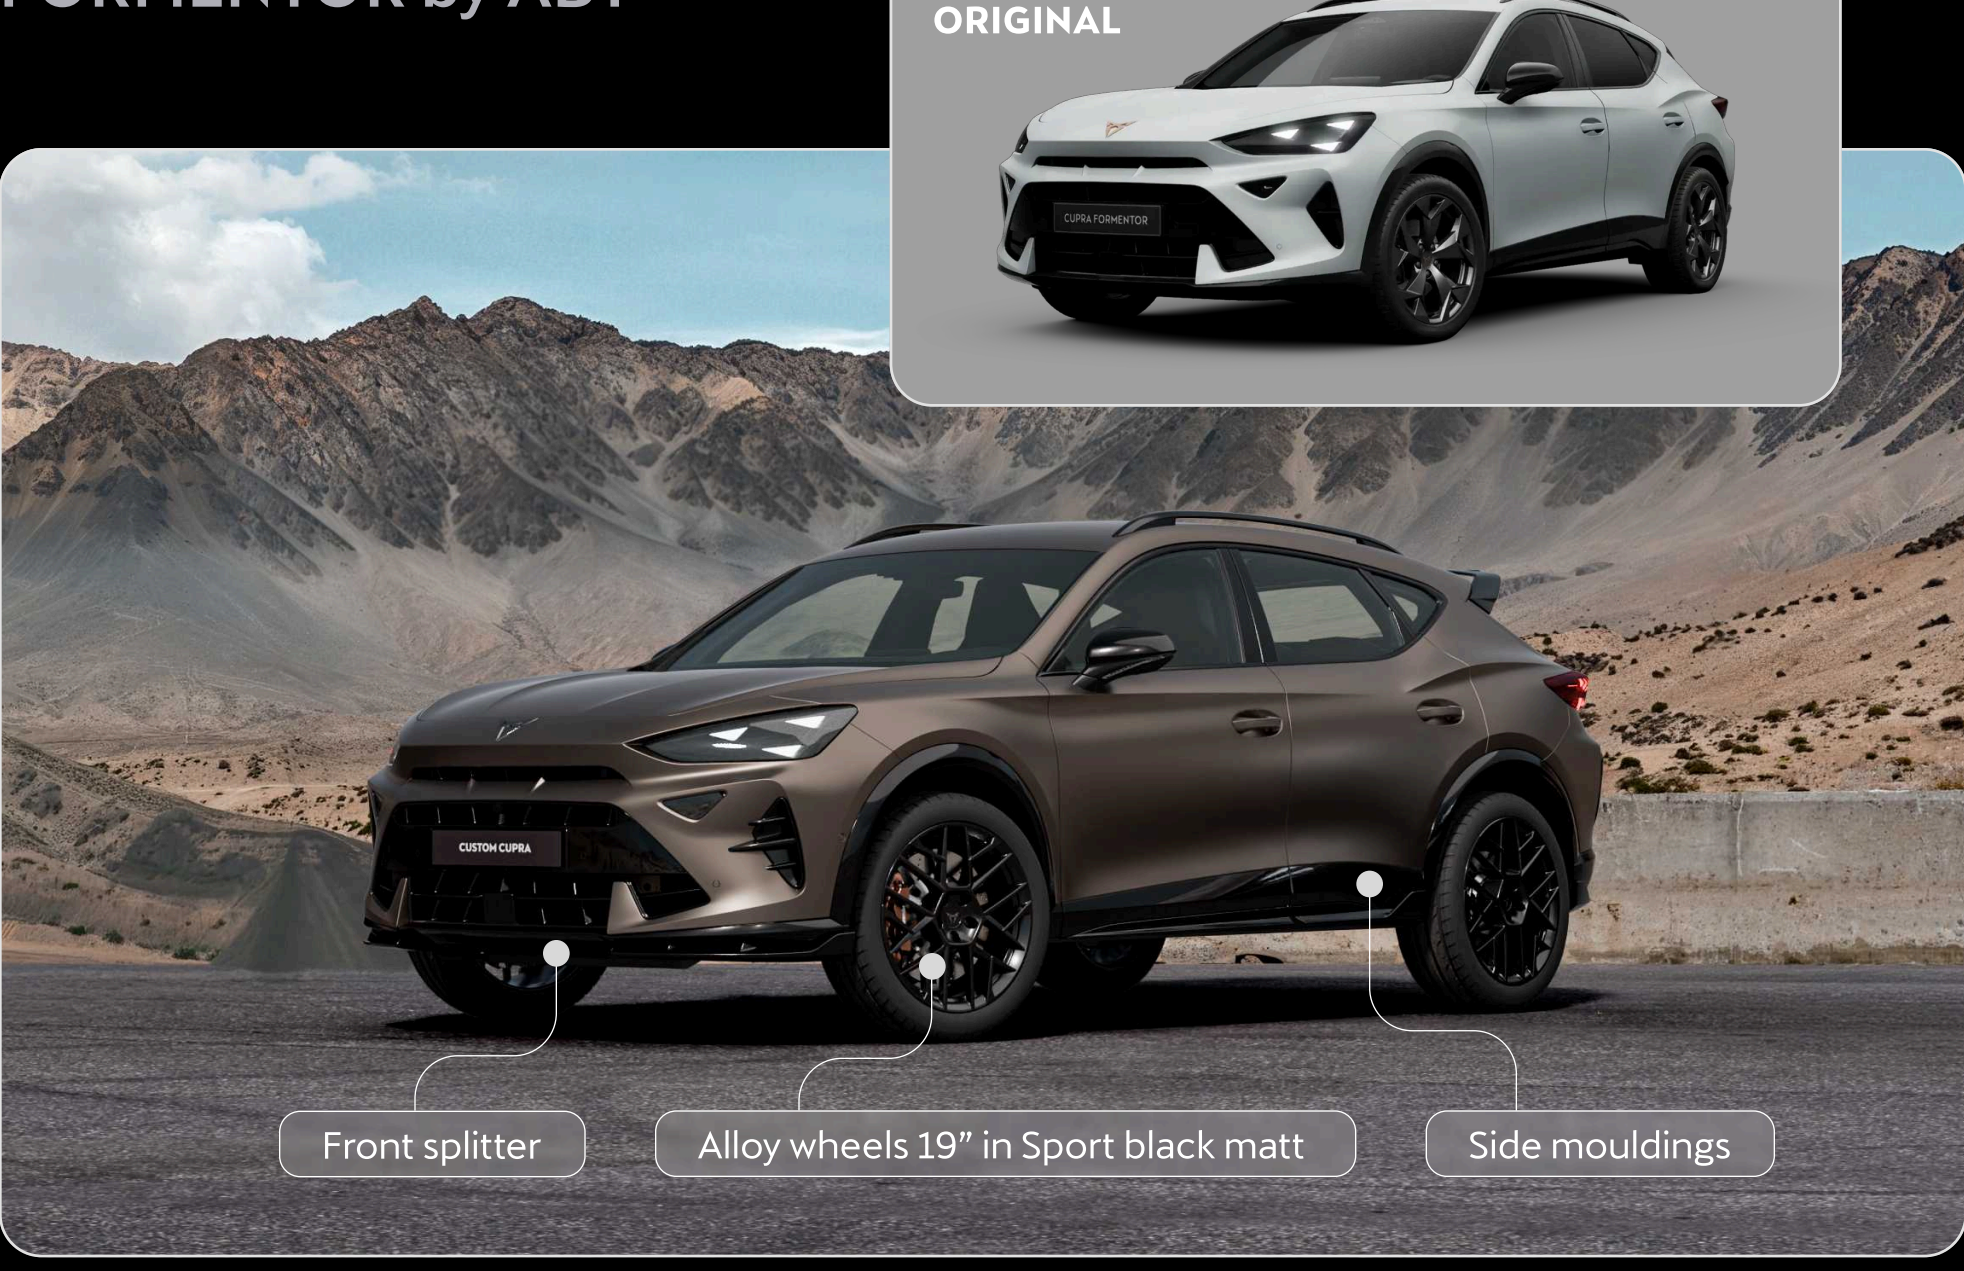

The character of a CUPRA is not only measured by its power, but by the attitude it projects from every angle. For those seeking an even more technical aesthetic and a commanding visual presence, we have designed a range of exterior features that reinforce the brand’s sporting identity. This bespoke equipment package has been designed to accentuate the vehicle’s key lines, providing a sophisticated finish and a darkened look that leaves no doubt as to its high-performance DNA.

Discover the elements that transform a masterpiece into a statement of pure performance with this specification:

- EQUIPMENT**
- Alloy wheels 8J x 19 ET43 (Mistral in Sport Black Matt)
 - Tires 235/35 R19 91Y
